Subject: Initial Review of Response to the Division Directive, Notice of Intention to Commence Large Mining Operations, Geneva Rock Products, Inc., Point of the Mountain (South Hansen) Mine, M/035/0026, Salt Lake County, Utah

Dear Mr. Sumsion:

The Division of Oil, Gas and Mining (Division) has reviewed the map received January 12, 2016, in response to a Division Directive to amend the Notice of Intention to Commence Large Mining Operations (Notice). The attached comments will need to be addressed before the map maybe approved.

The comments are listed under the applicable Minerals Rule heading; please format your response in a similar fashion. Please address only those items requested in the attached technical review by sending replacement pages for the original Notice using redline and strikeout text and by using form MR-REV. After the requested pages/drawings are determined to be technically complete, the Division will ask that you submit two clean copies of the completed pages. Upon final approval, both copies will be stamped approved and one will be returned for your records.

Please submit your response to this review by March 31, 2016.

The Division will suspend further review until receiving your response to this review. Please contact the lead for this project, Leslie Heppler at 801-538-5257 or me at 801-538-5261 if you have questions about the review or if you would like to schedule a meeting to discuss the comments. Thank you for your cooperation in completing this permitting action.

Sincerely,

Paul B. Baker
Minerals Program Manager

General Map Comments

Comment #	Sheet/Page/Map/Table #	Comments	Initials	Review Action
5	Final Build-out map	Please indicate on form MR-REV if this map is to be an addition or replacement.	lah	
6	"	Please remove written scale of (Scale 1"=350') and replace with a bar scale for reproduction purposes.	lah	
7	"	If the drawing is an addition to the Notice then add a figure number to the drawing consistent with other drawings in the Notice. If the drawing is a replacement, use the same figure number as the drawing being replaced.	lah	
8	"	Please double check the property boundary (blue line) on the southeast side of the property, as it is different from the other figures in the Notice.	lah	
9	"	All figures and text need to be consistent. Please update all applicable text and other figures to be consistent with the new drawing submitted.	lah
